Many thanks to Sheila and Alan Borthwick at
No.13 Gallery for inviting us to show a 2021
Winter Exhibition

BLUE

"At first there is nothing, then there is a
profound nothingness, after that a blue
profundity." Yves Klein

Since Edinburgh LoFi last visited No.13 Gallery the world
has gone through a profound upheaval. Many of us had to
adapt to ways of living and working that stretched us as
photographic practitioners and human beings. We took
refuge in simplicity - processes we could do with simple
equipment, historic chemicals and some sunlight at home.

Edinburgh LoFi is a Traditional, Alternative and
Logographic photography collective that has been running
for 12 years. Our twice monthly meetings have continued
throughout the lockdowns, moving online. We are now
beginning to meet in person again for photowalks and
workshops. All welcome, please look at our website or
email info@edinburghlofi.com to find out more.

Our next exhibition will be in January 2022 - METAMORPHIC

"To the natural philosopher, there is no natural
object unimportant or trifling. From the least
of Nature's works he may learn the greatest
lessons." John Herschel
